Address:

City:

State/ Province:

Phone number:

Email Address:

Vet statement

Signature vet:

Date:

Send to KFPS ATTN: Eveline van Kooten Postbus 624 9200 AP Drachten The Netherlands

The parentage must be traceable back to KFPS registered horses by means of DNA testing, for this testing a veterinarian has to pull hair samples of the sire, dam and foal. If FHANA or KFPS already has DNA results on file for the sire and/or dam those hair samples are not needed.

You will receive the invoice for the DNA testing and registration directly from the KFPS.

You can send this completed filled in form with the hair samples to:

KFPS att. Eveline van Kooten

Postbus 624

9200 AP Drachten

The Netherlands
