Budget

NEW BUSINESS

Sent Marion a copy of the PowerPoint and outline for him to add his input and experience.

Budget talk with Jason – Have no budget as it was allocated for judging courses from the KFPS in Feb 22 and coming up in Alberta.

Jason may be able to petition for the education committee to obtain more funding based on need and what we intended to use it for.

Claudia was going to have Amy Hobbs as a guest, to talk to us about the budget. This was deferred. Amy may join us at another time. Claudia spoke with Jason regarding the budget.

The goal of having another committee member join was to foster shared ideas throughout each committee to try to work together.

From Jason: Jason wanted all chairs to reiterate the specific strategic planning goals for each committee which we did in our first meeting April 4 th then again May. With that in mind does anyone have any questions regarding this? Claudia offered to send this information to committee members if requested by them.

We need to come up as a collective committee a new top goal for the committee then vote on it as a committee and send it to the board for final approval.

1.1. Educate on the Friesian horse in the most efficient and effective manner

1.2.1. The FHANA education Committee will provide members with the useful and easy to understand information, helping to facilitate a desire to learn and to take that knowledge and share with others. We want to collaborate with other committees in FHANA as well as other education equine resources to help support best practices for Friesian owners and for the good of the Friesian horses themselves.

Any ideas to tweak this?

Claudia will send this out in written for via email for other ideas. Will vote on this final in July and send to BOD Liaison for submission of **motion**.

Discuss progress in power points ...not in order.

Lori and Katie were working on section 8 (Below)

Excellent question generated last meeting by Lori and Katie; Why is nutrition, accommodation, coat care, hoof care, dental care, vet care, exercise, and socialization so important to the Friesian horse?

Marion liked the idea of adding more uses for the Friesian horse but to keep it more streamlined and perhaps under a category of “pleasure riding.”

Claudia shared her wishes and Goal for the FHANA 101 to condense information from Power point keeping in alignment with the original TOC, and having it recorded professionally. Post it on FHANA web page under education. Perhaps go live with it at a location like Equine expo, or perhaps AGM 2023.

In regard to the FHANA 101 topic of “Care of the Friesian Horse” Skin and Coat, Jessica asked if mentioning a specific product she uses, by name, is a conflict of interest. Danielle stated it was not, as long as she was not endorsing said product.

Danielle also stated that members want to know what products work best for the breed, so it aligns well with Jessica’s question.

Claudia asked the members to please have ideas and slides to present at next meeting to continue to move forward with our goal and commitment to the FHANA 101 project. The committee agreed with this.

Next Meeting July 12,2022 7 pm EST
